REPORT OF THE  
PRESIDENT-EXECUTIVE DIRECTOR

Martin J. Drell, M.D.                                           Heidi Büttner Fordi, CAE
President                                                        Executive Director

Coverage Period: July 1 – October 1, 2012
This report is divided into the following sections

- Major Accomplishments & Priorities
- AACAP Council and EC Council
- Annual Meeting
- Activities Decisions
- Department Updates
- Staff Listing

MAJOR ACCOMPLISHMENTS & PRIORITIES

New Executive Director
Heidi Büttner Fordi has been selected as the new Executive Director. She joined the AACAP staff in 1995. In 1998, she was appointed Director of Meetings Management gaining accolades for her outstanding contract negotiation and management skills. In 2005, she was promoted to Director of Meetings Management and Continuing Medical Education (CME). In 2007, Ms. Fordi was named Senior Director of Meetings, CME, and Development and was asked to serve as Deputy Executive Director. In that capacity, she has supported the Executive Director in the leadership, administration, and strategic direction of AACAP.

AACAP is fortunate to have Ms. Fordi as our new Executive Director. She inherited a strong and thriving organization that Ginger Anthony had a big part in building. Ms. Fordi stepped into her new role on September 1. Dr. Drell and the Executive Committee are working closely with her to facilitate the transition.

Back to Project Future (BPF)
Chaired by James MacIntyre, II, M.D.
In July, Dr. MacIntyre attended a portion of the June Council meeting to give an update on “Back to Project Future” (BPF) and to get suggestions and ideas. Many ideas and useful feedback were provided by Council members through the use of the BPF stimulus questions. Council also expressed their continuing support for and interest in BPF. The BPF Steering Committee and the BPF Leadership group held conference calls. The BPF leadership and the Steering Committee are continuing the discussion, development and refinement of goals and recommendations for the BPF report that will be presented to Council in October 2013. The BPF Services and Clinical Practice subgroup met in Park City, Utah and sent a survey to the entire AACAP membership to help document and analyze member’s current clinical practice. The BPF Training and Workforce Subgroup will meet in September at the AACAP office. The BPF leadership reached out to regional organizations and 20 individual AACAP committees to get their ideas/input for the project and is also available to meet with AACAP committees at the Annual Meeting in San Francisco. Dr. MacIntyre finalized plans for the BPF Town Meeting in San Francisco on October 25. BPF leadership will be available to meet with members at the AACAP booth in the Exhibit Hall at the Annual Meeting.

60th Anniversary Committee
Dr. Drell has appointed Robert Hendren, D.O. and Marilyn Benoit, M.D. to co-chair the 60th Anniversary Committee. Dr. Drell is in the process of appointing members who represent key
committees such as Development, History, Program, Assembly, Early Career Psychiatrist, etc. and staffed accordingly. The Committee will have its first meeting at the Annual Meeting.

60th Anniversary History Project
Robin Cautin, Ph.D. continues to write a monograph of AACAP’s first 60 years, conduct oral histories, review archive materials, and interview various AACAP members for the project.

Political Action Committee (PAC)
Chaired by Robert Hendren, D.O.
The PAC Taskforce has educated 14 committees on what the creation of a new nonprofit organization and the PAC means for AACAP. It is conducting a membership webinar on September 10 and is planning for a Town Hall at the Annual Meeting.

By year-end, AACAP will send an all-member referendum on the formation of a 501(c)6 to house the AACAP PAC. This referendum will include a clear description of the 501(c)6 including:

- Plans to move all or part of the Department of Government Affairs to the PAC,
- Predicted costs of the PAC,
- Plans to fund the PAC initially through membership dues,
- Ability of members to opt out of the 501(c)6, and
- Plans to modify these plans over time as we learn about the PAC.

Currently, the referendum is being developed by the PAC Task Force and will be reviewed by the Executive Committee then subsequently by Council in October.

AACAP Catchers in the Rye Humanitarian Award
In August, the Executive Committee approved the recommendation from the Development Committee and Bob Hendren, D.O. to name Garen and Shari Staglin as this year’s recipient; the Staglin’s have accepted the award that will be presented at the Karl Menninger, M.D. Plenary.

The Staglin’s have supported early onset schizophrenia research and have given five endowed chairs to the University of California, San Francisco (UCSF) including one to autism research. They have helped to launch and support three other mental health organizations:

- **International Mental Health Research Organization.** The Staglin’s launched IMHRO in 1995. Their impetus was their son, Brandon, who was diagnosed with schizophrenia in 1990. They realized that advancements in scientific research were vital to understanding mental illness. In 1995, what had initially started as a small concert in Napa Valley, blossomed into The Music Festival for Mental Health at the Staglin Family Vineyard. It brought together renowned chefs and wineries, top-bill musicians, and leading scientists to raise significant funds and awareness. Since 1995, IMHRO has raised more than $135M for research.

- **Bring Change 2 Mind.** Actress Glenn Close co-founded this nonprofit that is a national anti-stigma campaign aimed at removing misconceptions about mental illness.

- **1 Mind 4 Research.** Patrick Kennedy co-founded this organization now headed by General (Ret.) Peter Chiarelli. The goal of 1 Mind 4 Research is uniting industry, academia, government and advocacy groups across international neuroscience in a 10-year “moonshot” to significantly reduce the burden of brain disease for all people, veteran and civilian alike.
Component System
Dr. Drell and the Review of the Committee System (ROCS) Committee met in September to review cluster reporting and continued quality assurance. It agreed to cancel fall cluster calls with committee chairs because it was duplicative with the Committee Chairs Meeting in San Francisco when Cluster Facilitators meet with chairs to discuss year-end reporting. Members serving on multiple committees will be evaluated by chairs and staff liaisons to determine the relevance and importance. Dr. Drell emphasized that chairs should constantly evaluate how active committee members are to assist in the decision as to who should continue on the committee.

Virginia Q. Anthony (VQA) Fund
The Virginia Q. Anthony Fund began in May 2012 with the purpose is to honor Ginger Anthony for her 39 years of service. It will support AACAP infrastructure and educational initiatives. Once this temporarily restricted fund reaches $50,000, the Virginia Q. Anthony Lobby will be named. Currently, the fund has $46,688. We are now formally asking for donations from the membership.

President’s Activities
In July, Dr. Drell underwent surgery to replace his hip, recovered quickly, and has been back to work since mid-August. He is currently walking without crutches or a cane. Five years after Hurricane Katrina devastated New Orleans, Hurricane Isaac hit the gulf coast, leaving widespread flooding, wind damage and most without power for nearly a week. Dr. Drell’s program at Louisiana State University persevered as usual and continued its functioning and is now weathering state budget cuts.

In September, the Executive Committee met primarily to discuss the 2013 budget and prepare for the October Council meeting. The budget process went smoothly with its new format that included increased participation of the comptroller and staff in the process.

ANNUAL MEETING

Additional details about the Annual Meeting are provided in the Program Committee Report to Council.

As of October 1, 3,687 attendees have registered for the meeting compared to 3,126 at the same time in 2011. The meeting is currently tracking to be the second largest Annual Meeting to date, after the New York meeting in 2010. Attendees include 2,187 members representing 26% of AACAP’s total membership. It also includes 823 international attendees from 48 different countries, compared to 942 from 43 countries in 2011 (426 of whom were from Canada). 79% of the registrants have registered online and received a $25 discount for doing so. As of October 1, 259 registrants purchased the Scientific Proceedings Book; 7% of the full registrants. Ordering this small fraction of the printed books will certainly save in printing costs this year. The Registration Magazine arrived in members’ mailboxes the week of August 20; so much of this registration is from email and online advertising. To reduce costs, we only mailed the Registration Magazine to members who requested to have it mailed, and we have not seen a negative effect from this change financially. As of October 1, meeting registration has met 87% of the total budgeted goal for the year.
Local Arrangements Committee
Chairled by Robert L. Hendren, D.O. and John Sikorski, M.D.
The Local Arrangements Committee is preparing for the Annual Meeting. Accomplishments include:

- Recruitment of 300 monitors, selling out the monitor program in record time and ensuring that we have plenty of volunteer support for the meeting.
- Promotion of the meeting to various channels of nonmembers, particularly for the Fundamentals of Pediatric Psychopharmacology Institute on Saturday, October 27.
- 30 registrants (a sold out session) for the Clinical Practicum at San Francisco General Hospital about Child-Parent Psychotherapy in Early Childhood: Repairing the Effect of Early Trauma.
- A vibrant Helen Beiser, M.D. Art Show involving students from two local schools.
- A useful restaurant guide and suggestions for activities with kids, posted on the AACAP website for members to reference.

Registration
Online registration for the Annual Meeting opened on August 1 for members only for one week. This is the third year that AACAP has offered this service as a member benefit and 649 members (7.6% of the total membership) registered during this period. This compares to 605 registrants during the same period in 2011. This continues to be a significant benefit as members had the first opportunity to register for ticketed events, which often sell out. In addition, of the 649 members, 170 of them were Monitors who were also incentivized to registration during this members only period. As of August 30, the Monitor program is sold out, after recruiting 300 monitors in the first month of registration, a record for AACAP and a wonderful sign of volunteer support from San Francisco and the resident and medical student community.

We have repeated the successful “Best Value Package” as we did last year, which includes registration plus access to the MP3 files from many recorded sessions. So far 116 people have purchased this package, which is up compared to 2011. AACAP receives a 35% royalty on all audio recording sales, so there is significant income from this revenue source.

Technology
AACAP will launch its first Annual Meeting Mobile App two weeks before the meeting. The App includes access to the program schedule, speaker handouts, abstracts and can also be used to complete session evaluations, message attendees, search for exhibitors, follow Twitter, and create a personal schedule. Itinerary Builder, which is the web-based version of the Program Schedule, will also launch two weeks before the meeting. Usage statistics for both of these tools will be available in San Francisco.

Hotels
As of August 30, the group rates at the Hilton San Francisco Union Square and Hotel Nikko San Francisco are sold out. Attendees are being directed to A Room with a View, a free service that identifies hotels close to the Hilton and Nikko at the most reasonable rates. Rates via A Room with a View are currently ranging between $188-$309 per night, but we expect these rates to increase as we get closer to the meeting. We have oversold our blocks at both contracted hotels.

Exhibits
As of October 1, we sold a total of 77 booths in the Exhibit Hall and have generated $159,000 in revenue. We are behind sales in both 2010 and 2011 this is partially due to a decline in the purchasing of premium booth space. There has been strong interest in exhibit space from nonprofit companies. We continue to reach out to prospective exhibitors to sell the remaining 14 booths.
2013 Annual Meeting
The 60th AACAP Annual Meeting will be held October 22-27, 2013 at the Walt Disney World Dolphin Hotel in Orlando Florida. Since there is not a Regional Organization specific to Orlando, Dr. Drell decided to combine the 60th Anniversary Committee with the Local Arrangements Committee for next year. Robert L. Hendren, D.O. and Marilyn Benoit, M.D. will chair the joint committee, which will meet in San Francisco for an initial planning meeting.

2018 Annual Meeting Contract
AACAP’s Council approved Seattle as the destination for AACAP’s 2018 Annual Meeting. Contracts were signed with the Washington State Convention Center, Sheraton Seattle, Grand Hyatt Seattle, and Hotel Paramount on June 30, 2012. The 2018 Annual Meeting will be held October 23-28, 2018.

Future Annual Meetings
AACAP’s future Annual Meeting schedule is as follows:
- **60th Annual Meeting**: October 22-27, 2013, Walt Disney World Dolphin Hotel, Orlando, FL
- **61st Annual Meeting**: October 21-26, 2014, Manchester Grand Hyatt, San Diego, CA
- **62nd Annual Meeting**: October 27-November 1, 2015, Henry B. Gonzalez Convention Center and Grand Hyatt San Antonio
- **64th Annual Meeting**: October 24-29, 2017, Marriott Wardman Park Hotel and Omni Shoreham, Washington, DC
- **65th Annual Meeting**: October 23-28, 2018, Washington State Convention Center and Sheraton Seattle, Seattle, WA

DEPARTMENT UPDATES

EXECUTIVE OFFICE
*Staffed by Heidi Fordi and Earl Magee*

**John E. Schowalter, M.D. Resident Member of Council**
Dr. Drell chose Marika Wzrosek, M.D., a first-year CAP resident at Massachusetts General Hospital, as the 2012-2014 John E. Schowalter, M.D. Resident Member of Council. She will begin her term at the end of the Annual Meeting. Thank you to Ruth Gerson, M.D., the current John E. Schowalter, M.D. Resident, and Sourav Sengupta, M.D., the Jerry M. Wiener Resident, for reviewing all applications and making recommendations to Dr. Drell.

**Catchers in the Rye Awards**
*Oversight by the Assembly Executive Committee*
In August, the Committee selected the following recipients for the 2012 Catchers awards:

- **Individual**: Kristin Kroeger Ptakowski
- **Committee (tie)**:
  - Ethics Committee
  - Psychotherapy Committee
- **Regional Organization**: Big Sky Regional Council of Child and Adolescent Psychiatry
Congratulations to all! Awards will be presented at the October Assembly meeting on October 23.

**Assembly ROIC**  
*Chaired by Warren Y.K. Ng, M.D.*

At its June meeting, the Assembly Executive Committee agreed that the Regional Organization Infrastructure Task Force (ROITF) should be converted to an Assembly committee because the scope of its work has expanded considerably and will extend well beyond two years (the recommended limit of a task force). The ROIC met in July to review activities. The Big Sky Regional Council no longer uses Tricia Martinez’s administrative help and is completely self-sufficient! In fact, its efforts have paid off with a 2012 Catchers award! Other Level 1 regional organizations are well on their way to the same success, which is the ROIC’s goal for all regionals. Tricia Martinez and Madison Day continue to work with the other regional organizations to develop plans of action. The West Virginia Council has been added to the Level 1 list.

**Ethics Committee**  
*Chaired by Arden Dingle, M.D.*

The Committee met in August to discuss its accepted Annual Meeting submissions, the agenda for the October meeting, and updates on subcommittee projects. The Committee sponsored an ethics webinar, “Professionalism & the Internet,” on September 18 featuring Peter Ash, M.D. and Sandra DeJong, M.D. The webinar looked at the potential clinical, ethical and legal issues that can arise with the use of technology in clinical child psychiatry practice and offered some suggestions about how to solve problems and manage dilemmas; specific case examples were discussed.

**Committee Appointments/Reappointments**

This year, AACAP received an abundance of applications from residents and is glad to see residents are excited to get involved. Dr. Drell reviewed appointment and reappointment recommendations from committee chairs in July. Members, Residents, and Organization Representatives letters were mailed in July. Approximately 80% of Members and Organization Representatives have responded to date. All other committee members were asked to update their Disclosure of Affiliations in September.

**COMMUNICATIONS AND MEMBER SERVICES DEPARTMENT**  
*Staffed by Rob Grant, Caitlyn Camacho, Nicole Creek, Jared Hoke, and Nelson Tejada*

**MEMBER SERVICES**

The following counts by membership category are as of September 1, 2012:

<table>
<thead>
<tr>
<th>Member Type</th>
<th>2012 Paid</th>
<th>2012 Unpaid</th>
<th>Total</th>
<th>2011 Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>General $400</td>
<td>4,874</td>
<td>12</td>
<td>4,886</td>
<td>4,715</td>
</tr>
<tr>
<td>Affiliate $345</td>
<td>150</td>
<td>26</td>

** CAP Trainee counts include Triple Board Residents

---

**COMMUNICATION**

- **3,961** Academy members, reporters and summit partners receive AACAP *News Clips*
- **3,335** Twitter followers
- **1,953** Facebook followers

We continue to Tweet/Post (daily) AACAP products, programs and events (Facts for Families, Resource Centers, etc.) via News Clips, Twitter & Facebook.

With over **3,900+** people getting the News Clips & **3,300+** Twitter followers & **1,950+** Facebook Followers - our message is getting out to the public. Through Twitter, we added health writers from top tier media outlets like The Atlantic, USA Today, CNN, Washington Post, Boston Globe & TIME to our media list.

In August, we started pushing for media participation/press registration for the Annual Meeting in San Francisco. To date we received five media registrations. This number will increase in the coming weeks. Our goal is to have at least a dozen different media outlets cover our meeting.

We worked with members of the Consumer Issues Committee, Media Committee, Program Committee & Local Arrangements Committee in creating a “hot list” (list of interesting and important sessions at the Annual Meeting) to help promote our meeting (and our work) to local & national media outlets.
Press Releases

- **Rebecca Hommer, M.D.**, Receives AACAP Beatrix A. Hamburg Award for the Best New Research Poster
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Rebecca Hommer, M.D., as the recipient of AACAP's 2012 Beatrix A. Hamburg Award for the Best New Research Poster by a Child and Adolescent Psychiatry Resident. This award recognizes Dr. Hommer for her poster, "Attention Bias to Threat Faces in Severe Mood Dysregulation."*
  September 19, 2012

- **Peter Buckley, M.D.**, Selected to Receive AACAP's Cancro Academic Leadership Award
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is proud to announce Peter Buckley, M.D., Dean of the Medical College of Georgia, Georgia Health Sciences University, as the recipient of AACAP's 2012 Cancro Academic Leadership Award.*
  September 19, 2012

- **Paula Riggs, M.D.**, Receives AACAP Elaine Schlosser Lewis Award for Research on Attention-Deficit Disorder
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is proud to announce Paula Riggs, M.D., Professor and Director of the Division of Substance Dependence, Department of Psychiatry, University of Colorado School of Medicine, as the AACAP Elaine Schlosser Lewis Award for Research on Attention-Deficit Disorder recipient. Dr. Riggs receives the award in recognition for her paper, "Randomized Controlled Trial of Osmotic-Release Methylphenidate With Cognitive-Behavioral Therapy in Adolescents With Attention-Deficit/Hyperactivity Disorder and Substance Use Disorders," published in the September 2011 issue of the Journal of the American Academy of Child and Adolescent Psychiatry (JAACAP).*
  September 19, 2012

- **Christopher J. McDougle, M.D.**, Receives AACAP George Tarjan Award for Contributions in Developmental Disabilities
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Christopher J. McDougle, M.D., Director, Lurie Center for Autism; Professor of Psychiatry and Pediatrics, Massachusetts General Hospital and MassGeneral Hospital for Children; Nancy Lurie Marks Professor in the Field of Autism, Harvard Medical School, as the recipient of AACAP's 2012 George Tarjan Award for Contributions in Developmental Disabilities.*
  September 19, 2012

- **Gregory K. Fritz, M.D.**, Receives AACAP Irving Philips Award for Prevention
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Gregory K. Fritz, M.D., Professor and Director of Child and Adolescent Psychiatry, Alpert Medical School at Brown University, and Academic Director, Bradley Hospital, as the recipient of AACAP's 2012 Irving Philips Award for Prevention.*
  September 19, 2012

- **AACAP Honors Three Medical Students with the 2012 AACAP Jeanne Spurlock Minority Medical Student Research Fellowship in Substance Abuse and Addiction**
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Brennin Brown, Felipe Castillo, and Ashley Elizabeth Dye Ford as recipients of the 2012 AACAP Jeanne Spurlock Minority Medical Student Research Fellowship in Substance Abuse and Addiction, supported by the National Institute on Drug Abuse (NIDA).*
  September 19, 2012

- **David Axelson, M.D.**, Receives AACAP Klingenstein Third Generation Foundation Award for Research in Depression or Suicide
  *The American Academy of Child and Adolescent Psychiatry (AACAP) is proud to announce David Axelson, M.D., as the recipient of the Klingenstein Third Generation Foundation Award for Research in Depression or Suicide for his paper, "Course of Subthreshold Bipolar Disorder in Youth: Diagnostic Progression From Bipolar Disorder Not Otherwise Specified," published in the October 2011 issue of the Journal of the American Academy of Child and Adolescent Psychiatry (JAACAP).*
  September 19, 2012

- **Larry Brown, M.D.**, Receives AACAP Norbert and Charlotte Rieger Award for Scientific Achievement
  *The American Academy of Child and Adolescent Psychiatry (AACAP), is pleased to announce Larry Brown, M.D., as the recipient of the AACAP Norbert and Charlotte Rieger Award for Scientific Achievement for his paper, "Safe..."

September 19, 2012

- **Ann Alaoglu, M.D.**, Receives AACAP 2012 Norbert and Charlotte Rieger Psychotherapy Award
  
  The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Ann Alaoglu, M.D., and the Chestnut Lodge Study Group, as the recipient of AACAP's 2012 Norbert and Charlotte Rieger Psychodynamic Psychotherapy Award.

  September 19, 2012

- **Lisa Amaya-Jackson, M.D., M.P.H.**, Receives AACAP Norbert and Charlotte Rieger Service Program Award for Excellence
  
  The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Lisa Amaya-Jackson, M.D., M.P.H., Co-Director, North Carolina Child Treatment Program, Center for Child & Family Health, Duke University Medical Center, as the recipient of AACAP's 2012 Norbert and Charlotte Rieger Service Program Award for Excellence.

  September 19, 2012

- **Stacy S. Drury, M.D., Ph.D.**, Named AACAP's Robinson-Cunningham Award Recipient
  
  The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Stacy S. Drury, M.D., Ph.D., as the recipient of AACAP's 2012 Robinson Cunningham Award for the Best Paper by a Resident. This award recognizes Dr. Drury for her paper, "Telomere Length and Early Severe Social Deprivation: Linking Early Adversity and Cellular Aging," published in Molecular Psychiatry in 2011.

  September 19, 2012

- **Steven Adelsheim, M.D.**, Receives AACAP's Sidney Berman Award for School-Based Study and Intervention for Learning Disorders and Mental Health
  
  The American Academy of Child and Adolescent Psychiatry (AACAP), is pleased to announce Steven Adelsheim, M.D., Professor of Psychiatry, Pediatrics, and Family/Community Medicine, University of New Mexico Health Sciences Center, as the recipient of AACAP's 2012 Sidney Berman Award for School-Based Study and Intervention for Learning Disorders and Mental Health.

  September 19, 2012

- **Maryland Pao, M.D.**, Receives AACAP's Simon Wile Leadership in Consultation Award
  
  The American Academy of Child and Adolescent Psychiatry (AACAP), is pleased to announce that Maryland Pao, M.D., Clinical Director, National Institute of Mental Health, National Institutes of Health, U.S. Department of Health and Human Services, is the recipient of the 2012 Simon Wile Leadership in Consultation Award.

  September 11, 2012

- **AACAP Selects Eight Medical Students for the Summer Medical Student Fellowships supported by AACAP's Campaign for America's Kids**
  
  The American Academy of Child and Adolescent Psychiatry (AACAP) is pleased to announce Jarrad Aguirre, Amna Aziz, Kevin Coughlin, Jennifer Anne Cueto, Anne Lauer, Jacquelin Rankine, Jennifer Townsend, and Yan Wang as recipients of the AACAP Summer Medical Student Fellowships supported by AACAP's Campaign for America's Kids.

  August 30, 2012

- **The American Academy of Child and Adolescent Psychiatry Recognized as an Approved Charity for the Combined Federal Campaign**
  
  The American Academy of Child and Adolescent Psychiatry (AACAP) is an approved charity for the Combined Federal Campaign (CFC) which opened September 1 and runs through December 15, 2012.

  September 11, 2012

**Media Outreach Initiative – Pitched, Placed & Posted (June 2012 – present)**

- **Michael Brody, M.D.**, worked with Health News Daily and is quoted in the article, “Teens' Late-Night Cellphone Use Linked with Mental Health Problems” posted September 20, 2012.

- **Craigan Usher, M.D.**, worked with The Oregonian on an article titled, “Perfectionist Kids and How to Handle Them” posted September 14, 2012.

• Allan Josephson, M.D., spoke with the Huffington Post about self-esteem. The article, “Could Your Child Have TOO Much Self Esteem” posted September 7, 2012.
• Michael Houston, M.D., spoke with the Huffington Post about children and antipsychotic medications. The article, “Antipsychotics Prescribed to Treat ADHD in More Children and Teens, New Study Finds,” was posted on August 9, 2012.
• Sandra Fritsch, M.D., was interviewed by Maine Public Broadcasting Network. The show, “Helping Children with Mental and Behavioral Health Care Needs - And Their Primary Care Providers,” broadcast in August, 2012.
• Gene Beresin, M.D., was interviewed by a writer for ABC News about the mass shooting in Colorado. The article, “Batman, Kids and Aurora: How to Talk to Children About the Colorado Movie Theater Shooting,” was posted on July 20, 2012.
• Michael Brody, M.D., spoke with The Washington Post about preschool age children and TV viewing. The article, “A New Boomlet in TV for Preschoolers,” was published on June 22, 2012.
• Louis Kraus, M.D., appeared on CNN’s Anderson 360 to discuss topics including Jerry Sandusky and the use of aversive therapy. The video segments appeared in June 2012.
• Andrew Gerber, M.D., Ph.D., spoke with The Atlantic about mental disorders and music. The article, “Make Some Noise: Treating Mental Disorders with the Power of Music,” was posted on June 26, 2012.
• Michael Brody, M.D., was interviewed by CNN.com about TV viewing in children. The article, “TV can boost self-esteem of white boys, study says,” was posted June 1, 2012.

Consumer Issues Committee
Chair by Cathryn Galanter, M.D.
The Committee continues with their efforts, having a very effective and productive summer culminating in three new Facts for Families and two Resource Centers.

Facts for Families
• Know Your Rights: Consent and Confidentiality #103
• Peer Pressure #104
• Physical Punishment #105

Resource Centers
• Child Abuse Resource Center
• Bullying Resource Center

RESEARCH, TRAINING AND EDUCATION DEPARTMENT
Staffed by Yoshie Davison, Liz Goggin, Cecilia Johnson, and Ashley Partner

Travel Awards
The Educational Outreach Program for Child and Adolescent Psychiatry Residents, funded by the AACAP Endowment, Life Members Fund, and Shire Pharmaceuticals, Inc., provides travel support for
Report to the Council, October 24 & 27, 2012

child and adolescent psychiatry residents to receive a formal overview to the field of child and adolescent psychiatry, establish child and adolescent psychiatrists as mentors, and experience the Annual Meeting. Recipients receive up to $1,000 in travel support. The Committee on Medical Students and Residents solicited applications and served as the selection committee. AACAP received 101 applications from child and adolescent psychiatry residents and awarded six through AACAP’s Endowment, 12 through the Life Members Fund, and 12 through Shire Pharmaceuticals, Inc. The award recipients are listed below.

Educational Outreach Program for Child and Adolescent Psychiatry Residents

Supported by the AACAP Endowment
- Sara Marie Coffey, D.O. – Cambridge Health Alliance
- Ruth Gerson, M.D. – New York University
- Carlene MacMillan, M.D. – Massachusetts General Hospital and McLean Hospital
- Rebecca Muhle, M.D., Ph.D. – Albert J. Solnit Integrated Training Program
- Ujjwal Ramtekkar, M.D., M.P.E. – Boston Children’s Hospital
- Sourav Sengupta, M.D., M.P.H. – Western Psychiatric Institute & Clinic

Supported by the Life Member’s Fund
- Prakash Chandra, M.D. – University of Kansas School of Medicine
- Zhanna Elberg, M.D. – University of Buffalo
- Tresha Ann Gibbs, M.D. – New York University
- Laurie Gray, M.D. – Cambridge Health Alliance
- Gabriela Iagaru, M.D. – Boston Children’s Hospital
- Jessica Jeffrey, M.D., M.P.H., M.B.A. – University of California, Los Angeles
- Mary Margaret LaLonde, M.D., Ph.D. – Mount Sinai School of Medicine
- Akeem Marsh, M.D. – Hofstra North Shore – Long Island Jewish School of Medicine
- Demian Obregon, M.D. – University of South Florida
- Victoria Pham, D.O. – New York Presbyterian
- Kory Stotesbery, D.O. – Children’s National Medical Center
- Nicole Zuber, M.D. – Yale Child Study Center

Supported by Shire Pharmaceuticals, Inc.
- Vivek Anand, M.D. – East Carolina University
- Jason Chang, M.D. – RUSH University
- Carl Fleisher, M.D. – University of California, Los Angeles
- Nicole Garber, M.D. – Baylor College of Medicine
- Ritu Goel, MBBS – University of Buffalo
- Kristina Jiner, M.D. – Indiana University School of Medicine Triple Board Program
- Angela King, M.D. – University of Hawai‘i
- Maria Master, M.D., J.D. – New York Presbyterian
- Chase Samsel, M.D. – Warren Alpert Medical School of Brown University
- Ravi Shankar, M.D. – West Virginia University
- Colin Stewart, M.D. – Emory University
- Sara Weekly, M.D. – New York University

New this year, the Educational Outreach Program for Residents in Alcohol Research, supported by the National Institute on Alcohol Abuse and Alcoholism (NIAAA), provides the opportunity for 10 child
and adolescent psychiatry and general psychiatry residents to pursue advanced knowledge in adolescent alcohol research. By attending the Annual Meeting, participants will be exposed to the field of child and adolescent psychiatry, including research opportunities, access to mentors, and various networking opportunities. Participation in this program provides up to $1,000 for travel expenses to the AACAP Annual Meeting. The award recipients are listed below.

Educational Outreach Program for Child and Adolescent Psychiatry and General Psychiatry Residents

Supported by NIAAA

Jonathan Avery, M.D. – Weill Cornell Medical College
Jatinder Chawla, M.D. – Hofstra North Shore – Long Island Jewish School of Medicine
Shannon Gulliver, M.D., M.Phil. – New York Presbyterian
Christopher Hammond, M.D. – Yale Child Study Center
Andrew Keyes, M.D., M.S. – University of California, San Diego
Shivana Naidoo, M.D. – SUNY Downstate – University Hospital of Brooklyn
Jennifer Prins, M.D., M.P.H. – Western Psychiatric Institute & Clinic
Jared Tristan Ritter, M.D. – University of Hawaii
Garrett Matthew Sparks, M.D., M.S. – Western Psychiatric Institute & Clinic
Steven Szabo, M.D., Ph.D. – Duke University

The Educational Outreach Program for General Psychiatry Residents, supported by Lilly USA, LLC, provides up to $1,500 in travel support for general psychiatry residents to receive a formal overview to the field of child and adolescent psychiatry, establish child and adolescent psychiatrists as mentors and experience the AACAP Annual Meeting. The Committee on Medical Students and Residents solicited applications and served as the selection committee. AACAP received 77 applications from General Psychiatry Residents and awarded 20 with the Educational Outreach Program. The award recipients are listed below.

Educational Outreach Program for General Psychiatry Residents

Supported by Lilly USA, LLC

Maria Baez, M.D. – Albert Einstein College of Medicine
Irena Bukelis, M.D. – University of Alabama at Birmingham
Brent Crane, M.D., J.D. – University of Kansas
Bethany Harper, M.D. – Wright State University
Melissa Hendriks, M.D. – Wayne State University
Tiya Johnson, M.D. – University of Miami
Mirjana Jojic, M.D. – University of Massachusetts
Christopher Keary, M.D. – Massachusetts General Hospital and McLean Hospital
Jackie Landess, M.D., J.D. – Northwestern McGaw
Heather Liebherr, D.O. – Western Psychiatric Institute & Clinic
Andrea Mann, D.O., M.Phil – University of Chicago
Mallery Neff, M.D., M.P.H. – Indiana University Triple Board Program
Natalia Ramos, M.D., M.P.H. – University of California, Los Angeles
Hannah Reed, M.D. – Albert J. Solnit Integrated Training Program
Lesha Shah, M.D. – Tufts University
Jimena Tuis, M.D. – Tufts University
Arshya Vahabzadeh, M.D. – Emory University
Meredith Weiss, M.D. – Albert Einstein College of Medicine
Joshua Williams, M.D. – Harvard Longwood Psychiatry Residency Training Program
Rachel Yoder, M.D. – Indiana University Triple Board Program
Life Members Mentorship Grants for Medical Students provides up to $1,000 of travel support for seven medical students to attend the Annual Meeting. Medical students receive an introduction to child and adolescent psychiatry while attending the Mentorship Program, medical student networking events, scientific sessions, and Life Members events. The Committee on Medical Students and Residents and Life Members Committee solicited applications and served on the selection committee. AACAP received 53 applications and awarded 10 medical students with the Life Members Mentorship Grants. The award recipients are listed below.

**Life Members Mentorship Grants for Medical Students**
- Sol Adelsky – Brown University
- David Braitman – Indiana University
- Jeffrey Clark – Cleveland Clinic
- Christina Cruz – Harvard Medical School
- Micaela Bea Owusu – Yale University
- Tony Pham – Tulane University
- Elizabeth York Rawson – Yale University
- Faith Rohlke – University of Illinois at Chicago
- Brooke Rosen – Mayo Medical School
- Marguerite Reid Schneider – University of Cincinnati

**Journal Awards**
The AACAP President, JAACAP Editor, and the respective award recipient from the previous year review and score all eligible articles from July 2011 - June 2012. All award recipients present Honors Presentations during the Annual Meeting.

- Norbert and Charlotte Rieger Award for Scientific Achievement is given annually for the most significant paper by a child and adolescent psychiatrist published in the Journal and AACAP member during the past year. **Larry Brown, M.D.** is the recipient of this award for his paper, “Safe Thinking and Affect Regulation (STAR): Human Immunodeficiency Virus Prevention in Alternative/Therapeutic Schools,” which was published in the October 2011 issue of JAACAP.
- Klingenstein Third Generation Foundation Award for Research in Depression or Suicide is given annually for the most significant paper by a child and adolescent psychiatrist and AACAP Member published in the Journal during the past year. **David Axelson, M.D.** is this recipient of this award for his paper, “Course of Subthreshold Bipolar Disorder in Youth: Diagnostic Progression From Bipolar Disorder Not Otherwise Specified,” which was published in the October 2011 issue of JAACAP.
- Elaine Schlosser Lewis Award for Research on Attention-Deficit Disorders is given annually for the best paper published in the Journal on attention-deficit disorder written by a child and adolescent psychiatrist and AACAP Member. **Paula Riggs, M.D.** is this recipient of this award for her paper, “Randomized Controlled Trial of Osmotic-Release Methylphenidate With Cognitive-Behavioral Therapy in Adolescents With Attention-Deficit/Hyperactivity Disorder and Substance Use Disorders,” which was published in the September 2011 issue of JAACAP.

**Other Awards**
The Cancro Award for Academic Leadership recognizes a currently serving General Psychiatry Training Director, Medical School Dean, CEO of a Training Institution, Chair of a Department of Pediatrics or Chair of a Department of Psychiatry for his or her contributions to the promotion of child and adolescent psychiatry. This award offers a $2,000 honorarium to the awardee. Peter Buckley, M.D., Dean of the
Medical College of Georgia, was nominated for this award by Sandra Sexson, M.D. Dr. Buckley will present an Honors Presentation during the Training Luncheon at the Annual Meeting.

The Robinson-Cunningham Award is presented each year for the best manuscript written by a child and adolescent psychiatrist during residency training. The paper must involve children, adolescents, or their families and be published in a professional, peer-reviewed journal within 3-5 years of graduation from a residency training program. The award recipient receives a $200 honorarium. Stacy Drury, M.D., Ph.D., is the 2012 recipient of the Robinson-Cunningham Award for her paper, “Telomere length and early severe social deprivation: linking early adversity and cellular aging.” This manuscript was published in Molecular Psychiatry in 2011.

The AACAP Beatrix Hamburg Award is presented each year for the best new research poster by a child and adolescent psychiatry resident. The Program Committee reviews and scores all new research posters, and the Department of Research, Training, and Education oversees this award. The award recipient receives a $1,000 honorarium. Rebecca Hommer, M.D., is the recipient of the 2012 Beatrix Hamburg Award for her poster, “Attention Bias to Threat Faces in Severe Mood Dysregulation.”

The Mentorship Network
The Network is linking medical students, residents, and early career psychiatrists in need of mentorship to AACAP members serving as mentors. More than 160 mentees are matched with a mentor with assistance from Ruth Gerson, M.D., Co-Chair of the Committee on Medical Students and Residents, who is working to transfer this program over to the Early Career Psychiatrist Committee.

Are you a mentor yet? We need more mentors. Sign up for the Mentorship Network at http://www.aacap.org/cs/mentorship_matters/aacap_mentorship_network.

MEETINGS AND CONTINUING MEDICAL EDUCATION DEVELOPMENT
Staffed by Jill Zeigenfus, Quentin Bernhard III, Elizabeth Hughes, Audrey Kerr, Molly O’Neill and Brooke Schneider

MEETINGS

Component Meetings
The Meetings Department arranged the operational logistics for six committee meetings from July 1, 2012 – October 1, 2012. This compares to five planned during the same time period last year.

2013 Psychopharmacology Update Institute
Chairied by Gabrielle Carlson, M.D.
The 2013 Institute in Washington, DC is entitled: The Impact of DSM-5 on Child and Adolescent Psychopharmacological Treatments and will be held January 25-26, 2013 at the Marriott Wardman Park Hotel. In addition to the chairs, confirmed speakers include: Joan Asarnow, Ph.D., Dr. Carlson, Jean A. Frazier, M.D., Daniel Pine, M.D., Adelaide Robb, M.D., Lawrence Seahill, Ph.D., Michael S. Scheeringa, M.D., M.P.H., and John T. Walkup, M.D. Registration for this meeting opened September 5, and brochures were mailed to AACAP members and non-members in September. As of October 1, 64 people have registered for the meeting.

2013 Douglas B. Hansen, M.D. Annual Review Course and Training Session for the Oral Exams
Chairied by Cathryn Galanter, M.D. and Moira Rynn, M.D.
The Review Course will be held March 13-16, 2013 at the Westin Jersey City Newport Hotel in Jersey City, NJ just outside of Manhattan. Confirmed speakers include: Angel Caraballo, M.D., Gabrielle A. Carlson, M.D., Christoph U. Correll, M.D., Judith Ann Crowell, M.D., Cathryn A. Galanter, M.D., Kareem Ghalib, M.D., Laurence L. Greenhill, M.D., Schuyler W. Henderson, M.D., M.P.H., Glenn Hirsch, M.D., David Kaufman, M.D., Alexander Kolevzon, M.D., Catherine Lord, Ph.D., Richard Mattison, M.D., Jeffrey Newcorn, M.D., Paul O’Keefe, D.O., Alan Ravitz, M.D., Moira Rynn, M.D., Glenn Saxe, M.D., Jess Shatkin, M.D., M.P.H., Jonathan Slater, M.D., Barbara Stanley, Ph.D., John T. Walkup, M.D., B. Timothy Walsh, M.D., J. Rebecca Weis, M.D., Deborah M. Weisbrot, M.D., Timothy E. Wilens, M.D. Registration will open at the Annual Meeting and brochures will be mailed to members and nonmembers in early November.

International Trip
Dr. Drell will be taking his International Trip to Northern Italy in the Summer of 2013. The Meetings Department is working on the logistics and more details will be announced in January.

CONTINUING MEDICAL EDUCATION (CME)

Lifelong Learning Committee
Chair by Sandra Sexson, M.D. and Drew Russell, M.D.
The Committee is finalizing the next module in the series, Module 9: Typical and Atypical Development in Childhood and Adolescence: Protective and Risk Factors, and Relevant Updates for Child and Adolescent Psychiatrists. Applications to ABPN have been sent for approval of the module, and after receiving approval, the module will be published in mid-October and available at the Annual Meeting.

The Annual Meeting Lifelong Learning Institute will feature a review of Module 9 articles, and include the following speakers: Adrian Angold, M.R.C.Psych., David Brent, M.D., Gabrielle Carlson, M.D., Richard R. Pleak, M.D., Christopher Thomas, M.D., and John Walkup, M.D.

The Committee decided to translate two of the Performance in Practice (PIP) tools into Spanish. It worked with AACAP member Arturo Mendoza-Lopez, M.D. and AACAP staff member Nelson Tejada to translate both the parent and adolescent feedback forms. Both these forms have been added to the members only section of the website and member emails have been sent to inform the membership.

The Committee has been working on three new clinical PIP tools (Atypical Antipsychotic Medications, Obsessive Compulsive Disorder, and Professionalism) with plans to release the OCD PIP tool in October and the others by December 2012.

Lifelong Learning Module 6: Autism, Psychotic Disorders (Non-Affective), and Updates on Relevant Topics for Child and Adolescent Psychiatrists expired on October 1st, 2012. The deadline was made known to AACAP membership in recent emails, NewsClips and AACAP News ads.

Lifelong Learning Module Sales
During the time period from July 1-October 1, 2012, 103 Lifelong Learning Modules and exams were sold resulting in $16,680 in gross revenue. This is a 16% increase in modules and exams sold and a 16% increase in gross revenue from this time last year. Appendix A contains a summary of modules sold to date.
Continuing Medical Education Committee
Chair by Jeff Bostic, M.D. and Tristan Gorrindo, M.D.
AACAP is undergoing its ACCME reaccreditation this year. The reaccreditation report was submitted on April 11, and the televideo conference is scheduled for November 9. The final decision from ACCME will be received in March 2013.

The CME Committee selected three Annual Meeting Institutes to participate in a self-assessment initiative. The attendees of these three Institutes will receive a pre-test, post-test and 3-6 month follow-up test to gauge the change in their competence as a result of having attended the Institute. The Committee wrote test questions based on presenters’ slides and learning objectives. The Institutes selected for this initiative are:
Institute 2: Bipolar Disorder in Youth: Modern Diagnostic and Treatment Approaches
Institute 6: Psychodynamic Psychotherapy in the 21st Century
Institute 7: Autism Spectrum Disorders: Integrating Research and Clinical Treatment

Committee members wrote CME questions for the following JAACAP issues:
- July: Medical Marijuana Use Among Adolescents in Substance Abuse Treatment
- August: Abnormal Amygdala and Prefrontal Cortex Activation to Facial Expressions in Pediatric Bipolar Disorder
- September: Treatment Moderators and Predictors of Outcome in the Treatment of Early Age Mania (TEAM) Study

The online CME program entitled, “The Challenges and Opportunities in ADHD: A Conversation with the Experts” chaired by Larry Greenhill, M.D., is being reaccredited for CME for an additional year, through August 31, 2013. Dr. Greenhill and Dr. Leventhal re-reviewed the material and determined it was still valid and current, and the commercial supporters, Eli Lilly and Company and Shire Pharmaceuticals Inc. have accepted the program for another year with no additional financial support needed.

Our marketing efforts to date include:
- Newsletters, Banners, and Spotlight Regions throughout CE City’s Centricity Network (650,000+ healthcare professionals)
- AACAP Twitter, NewsClips, and member emails
- Two Press Releases
- Ads in JAACAP, Psychiatric News, American Journal of Psychiatry, and AAP News
- Banner ad impressions on www.AAPNews.org
- 2011-2012 Annual Meetings and Spring Institutes signage/postcard handouts
- PowerPoint slide ad/handout sent to 2011 Annual Meeting ADHD session Chairs (14 sessions)
- Ad in No Blank Screens at the 2011-2012 Annual Meetings
- Full page ad in 2011 Annual Meeting Institute 2 Notebook (topic was ADHD)
- Postcard mailed to 7,872 AACAP members
- Postcard in the New Member Packets
- Featured story on AACAP homepage

Expected audience reach is 3,000 child and adolescent psychiatrists and allied health professionals. As of October 1, there were 2,275 unique viewers and 829 CME certificates issued.
DEVELOPMENT
*Staffed by Alan Mark Ezagui and Lindsay Brockman Strack*

Incoming Development Funds (July 1 – September 30):

</tbody>
</table>

The Development Department processed $191,537 in donations and grants from individuals, foundations, and corporations in this time period, compared with $468,935 during the same time period last year.

Several major contributors to this $277,000+ difference include:

1) Pharmaceutical overall support declined $125,000.
2) The following 3 payments were processed in the previous quarter: Eli Lilly’s $75,000 sponsorship of the International Reception; $50,000 from Eli Lilly to sponsor the Education Outreach Program, and $96,000 from Eli Lilly to support the Pilot Research Awards.

Please see *Appendix B* for full year-to-date details.

**AACAP’s Campaign for America’s Kids (CFAK)**

The deadline for Fall CFAK online applications was September 6, 2012. We received three applications in this fall cycle. The three are:

1) **Advocacy Day Outreach 2013**  
   Amount Requested: $43,750
2) **Congressional Briefing 2013**  
   Amount Requested: $7,800
3) **Summer Medical Student Fellowships 2013**  
   Amount Requested: $71,450

The Development Committee will meet October 9, 2012 to discuss these applications and make their funding recommendations to Council in San Francisco.

As of August 31, the CFAK fund balance is $291,325.
Coast-to-Coast for Kids (C2C4K)
Andres Martin, M.D. shared his plan for Coast-to-Coast-for-Kids (C2C4K). At the end of his tenure as JAACAP editor, Dr. Martin would bike across the country to raise money for AACAP. He proposed setting aside $2,500 of each of his JAACAP quarterly editor’s stipend over the next five years to support his goal of raising a minimum of $50,000 on behalf of AACAP. The Executive Committee agreed to set aside money beginning October 2012. The Development Committee will have responsibility for reviewing event details and making related recommendations to the Executive Committee.

Combined Federal Campaign
The 2012 CFC runs from September 1 – December 15, 2012. AACAP promotes the CFC in AACAP News, the 2011 Membership Directory, the Annual Meeting Registration Magazine, and the website. The online address is [http://www.aacap.org/cs/support_aacap/combined_federal_campaign](http://www.aacap.org/cs/support_aacap/combined_federal_campaign).

AACAPs donations for the 2011 Combined Federal Campaign (CFC) received in July 2012 totaled $3,413.84. Since 2008, the total of all CFC donations is $22,297, representing approximately .06% of AACAP revenue. Moving forward, it is recommended this project be discontinued and that the time be allocated to other fundraising initiatives with a higher ROI.

Elaine Schlosser Lewis Fund
Owen Lewis, M.D. postponed the 13th Annual Elaine Schlosser Lewis (ESL) Awards Luncheon this year to re-think the event’s setup and structure and focus on the 2013 event. The Development Department is working closely with Dr. Lewis to prepare a strategy to contact donors about 2012 and plans for 2013. There is high intent to keep these donors fully engaged of the purpose and impact of the ESL Fund. In spite of the postponement, AACAP did receive a $15,000 donation in August from Claire Edersheim, a long-time supporter of the ESL Fund.

The 2012 AACAP Elaine Schlosser Lewis Award for Attention-Deficit Disorder recipient, Paula D. Riggs, M.D., will present, “A Randomized Controlled Trial of Osmotic-Release Methyphenidate with Cognitive Behavioral Therapy in Adolescents with ADHD and Substance Abuse Disorders” on Friday October 26, 2012.

Life Members Fund and Subcommittee (July 1, 2012 - September 27, 2012): Thirteen (13) Life Members donated the equivalent of their dues, totaling $5,346.

Year-to-date Summary (January 1 - September 27, 2012): 45 Life Members donated the equivalent of their dues, totaling $13,451.

As of August 31, 2012 the fund balance is $74,692.

The June 5 eNewsletter received another high open rate with 36.71% unique viewers. It remains one of the highest open rates of AACAP all member emails in 2012.

The September eNewsletter was emailed on September 5. This edition included three Life Member Reports by Norb Enzer, M.D., “What I Did in My Retirement”, Robert Kind, M.D., “Though Much is Taken, Much Abides…..”,
and John Sadler, M.D., “Distinguished Life Fellow Report.” It also included an introduction by John Schowalter, M.D. titled, “Generation to Generation Redux”, as well as an open letter to Ginger Anthony from Donald Gair, M.D.

Highlights of the August Life Members Subcommittee meeting include:

- It was reported that the amount of funds raised since the inception of the Life Members group was $99,354. Ginger Anthony presented a check in the amount of $656, pushing the total to $100,000, a new milestone.
- There was a reminder that all Life Members who have donated $400 or more, or plan to make a donation at the Annual Meeting in this amount, will receive their 2012 Life Member Donor Pin (illustrated).
- The idea of a Life Members eNewsletter editor was revisited. Ginger Anthony agreed to accept the position as the eNewsletter’s inaugural editor.
- A personal letter co-signed by John Schowalter, M.D. and Jackie Etemad, M.D., along with a formal invitation to the October 25 Life Members Reception and Dinner at The City Club in San Francisco, was mailed to all Life Members on August 22. For more information and registration, please go to www.aacap.org/cs/life_members/59th_annual_meeting_activities.

The letter noted that there are currently more than 1,000 Life Members (as of September 27, it is 1,042). Life Members now make up nearly 15% of AACAP membership. Drs. Schowalter and Etemad stated, “Up to five years ago we were a category of membership. Today, we’re a movement, inspiring and shaping (and learning from) the coming generation of child and adolescent psychiatrists—the ‘young pups’ who will follow in our footsteps, and continue our legacy.”

Life Member registrations (as of September 30):
- Annual Meeting: 185
- Reception and Dinner: 66 Life Members + 30 Guests. Total: 96

Virginia Q. Anthony (VQA) Fund
A portrait of Ginger is being commissioned for the lobby. The Development Committee approved the Egeli Studio, Annapolis, MD. It is founded by world-class portrait artist, Cedric Egeli.

As of September 30, the VQA Fund raised $46,688 in contributions and pledges. Further analysis of these contributions:
- Total # of Donors: 92
  - # of AACAP Members: 81
  - # of Non-Members: 8
  - Spouses of Deceased AACAP Past Presidents: 3
- Range of Donations: $20 - $10,000

In accordance to the solicitation strategy previously approved by the Development Committee:
1) Phase 1 Appeals (Past Presidents and Executive Committee Members): Completed.
2) Phase 2 Appeals (Council, Specific Committees, and VIPs): In process.

Research Initiative
Funding for 2012 has been received as follows:
- Eli Lilly $50,000
Report to the Council, October 24 & 27, 2012

- Shire $25,000
- Pfizer $25,000

Letters of renewal for 2013 to these companies are planned as follows:
- Eli Lilly December 2012
- Shire February 2013
- Pfizer February 2013

In addition, requests to support the Research Initiative have been made to the following companies:
- Abbott Laboratories August 29, 2012
- AstraZeneca August 24, 2012
- Bristol-Myers Squibb August 22, 2012
- Forest Laboratories August 21, 2012

AACAP will continue to identify companies to support this program and establish a plan for growth.

Grant Updates
AACAP has identified these Foundations to seek partnerships with to support the following AACAP initiatives:
- Practice Parameters - Pew Charitable Trusts
- Workforce Grant – Josiah Macy Foundation
- Back to Project Future - Ittleson Foundation

The Development Department will work with the Department of Government Affairs and Research, Training, and Education to prepare letters of interest. Our goal is 4th quarter submissions. As is our theme, where there must be a focus on relationships, we want to engage our members to support our contact with these (and other) foundations.

59th Annual Meeting Sponsors
The 2012 Sponsorship Prospectus is online at www.aacap.org/cs/AnnualMeeting/2012/sponsorship_opportunities.

AACAP submitted applications to pharmaceutical companies for Annual Meeting sponsorship:

AACAP continues to identify pharmaceutical and non-pharmaceutical sponsorships for the 2012 Annual Meeting. After conducting research on the company and identifying the “right” person to approach, we personalize the appeal and are clear about the value proposition to the company.

AACAP has identified the following companies as potential sponsors:

- Alexza Pharmaceuticals. Mountain View, CA
- Alkermes. Dublin, Ireland. Waltham, MA
  - They said “no” at this time. They do not yet have products for pediatric use.
- IntegraGen. Genopole d’Evry, France. Cambridge, MA
  - Larry Yost, General Manager, U.S. They contracted an Exhibit Booth.
- Jazz Pharmaceuticals. Larry Greenhill, M.D. referred them.
- Lundbeck. Deerfield, IL
- NextWave Pharmaceuticals. Stamford, CT
  - They contracted two Exhibit Booths. Revenue of $15,000.
- Noven. Miami, FL
- Seaside Therapeutics
  - Randy Carpenter, M.D., Founder and CEO said “We will not be able to provide sponsorship this year. We hope to be in a position to do so next year.”
- Sunovion Pharmaceuticals. Marlborough, MA
- Supernus Pharmaceuticals. Rockville, MD
- Theravance. San Francisco, CA
  - David Brinkley, Head, Business Development said it is premature in 2012 for a corporate sponsorship. Arrangements are being made for Theravance leadership to meet with AACAP members at the Annual Meeting.
- UCB. Brussels, Belgium. Smyrna, GA

These pharmaceutical companies, who supported AACAPs Annual Meeting in the past, have been contacted:

- Forest Laboratories
- Janssen
- Novartis
- Otsuka Pharmaceuticals
- Purdue Pharma

These non-pharmaceutical companies have also been contacted:

- Askesis
- AssistiveWare
- BioBDx
- Brain Plasticity, Inc.
- Leap Frog
- Netsmart Technologies
- NIAAA
- Qualifacts
- United Behavioral Health Care

If members have contacts or relationships with leadership at any of these companies, please contact Alan Ezagui (aezagui@aacap.org).
Development Staffing
Lindsay Brockman Strack, MPH joined AACAP as the new Development Coordinator on August 6.

Pink Freud T-Shirts
The 2012 Pink Freud T-Shirt will be sold onsite at the Annual Meeting. As in past years, all net revenue will benefit the Campaign for America’s Kids.

Corporate Roundtable Luncheon
AACAP will host the second Corporate Roundtable Luncheon at the Annual Meeting for sponsors and potential sponsors on Tuesday, October 23. Shire US Inc. and Lilly USA LLC have been confirmed to date. AACAP leadership and other key corporate stakeholders have been invited to attend.

Development Report to the Executive Committee
Alan Ezagui, MHCA, Deputy Director of Development, met the Executive Committee to share his background that includes 22 years in the mental health field, of which nine years are in fundraising. He shared that his passion to help children and adolescents with mental illnesses is strong.

Alan also presented a direction he would like to see for AACAP development. While there is ambition to grow the percentage of AACAP members who donate, there is more of a “this is not an option” mandate to substantially increase the number of non-members who donate to AACAP. Non-member donors include: individuals who are not child and adolescent psychiatrists, and corporations outside the pharmaceutical industry. He shared the following:

1) 8,420
   As of September 11, 2012 this is the number of AACAP members. In effect, this is AACAP’s donor market. Of this, 1,038 are Resident Members (CAP, General, Pediatric) and 562 are Student Members. If we remove this stakeholder group as a donor market (for now, for obvious reasons), we have 6,820 members we can ask to donate

2) 66.1% | 70.2% | 65.4%
   This is the percentage of AACAP revenue from, (1) Membership Dues, (2) Meetings, and (3) Journal in 2009, 2010, and 2011, respectively. The two questions raised were this: how much additional revenue growth is there for AACAP in these areas? And, where will exponential revenue growth come from?

3) 5.9% | 94.1%
   In 2012 (through September 17), 5.9% of donations were from non-members, while 94.1% of donations were from members.

The revenue objective is to grow AACAP’s percentage of members who donate significantly and to grow non-member revenue, specifically fundraising revenue. There needs to be a commitment to a strategy to achieve this, which means confronting and breaking through our “biggest competitor.”
DEPARTMENT OF GOVERNMENT AFFAIRS & CLINICAL PRACTICE (DGA&CP)
Staffed by Kristin Kroeger Ptakowski, Adriano Boccanelli, Liz DiLauro, Emma Jellen, Michael Linskey, and Jennifer Medicus

GOVERNMENT AFFAIRS

Regulatory Comments
In September, AACAP submitted comments on CMS’ proposed regulations on the physician fee schedule that included new care coordination codes, both the eRx and PQRS incentive programs, as well as the new value-based payment modifier. Comments were solicited from the Healthcare Access and Economics Committee, particularly the coding sub-committee.

State Advocacy
During the 2012 state legislative sessions, staff tracked more than 500 pieces of legislation across the country, working closely with Advocacy Liaisons, identified in 34 regional organizations to engage in advocacy efforts at the state and local level. The majority of states have now adjourned for the year.

California Legislature Passes Fair Sentencing for Youth Act
In August, the California legislature passed the Fair Sentencing for Youth Act (SB 9) that would allow for the review of life without parole sentences for inmates who were sentenced as juveniles. This victory is due to consistent advocacy efforts over many legislative sessions, including those by AACAP and the California Academy of Child and Adolescent Psychiatry. The bill has now gone to Governor Brown to be signed into law. AACAP sent a letter urging Governor Brown to sign the bill into law as well as sent an action alert urging all California members to call and voice their support.

Mental Health Parity Field Hearings
Former Members of Congress Patrick Kennedy (D-RI) and Jim Ramstad (R-MN) are hosting field hearings across the country to hear from patients, providers, and government representatives about how
the federal mental health parity law is being implemented. Hearings have been held in Kalamazoo, MI, Washington, DC and St. Paul, MN, and Chicago, IL, and Los Angeles, CA. Upcoming hearings include Delray Beach, FL (October 9). Sharon Hirsch, M.D., submitted written testimony at the Chicago hearing on behalf of the Illinois Council of Child and Adolescent Psychiatry, and Marcy Forgey, M.D. testified at the Los Angeles hearing on behalf of the California Academy of Child and Adolescent Psychiatry. As hearings are held, AACAP is encouraging local members to participate and share their experiences.

**Autism and Intellectual Disability Committee**
*Chaired by Bryan King, M.D., and Jeremy Veenstra-Vander Weele, M.D.*
To address the lack of knowledge about the treatment of comorbid conditions in individuals with neurodevelopmental disorders, the committee formed a working group, led by Jeremy Veenstra-Vander Weele, M.D., to develop a policy statement urging the inclusion of this group in future research studies. The draft policy statement has been sent to the Research Committee for input.

The Committee has also formed a working group, led by Matthew Siegel, M.D., to develop Frequently Asked Questions documents on the changes related to autism in the DSM V. The working group is drafting two FAQ documents, one geared toward clinicians and one for families.

**CLINICAL PRACTICE**

**Quality Issues Committee**
*Chaired by Oscar Bukstein, M.D. and Heather Walter, M.D.*
The Practice Parameter on Gay, Lesbian, or Bisexual Orientation, Gender-Nonconformity, and Gender Discordance in Children and Adolescents was published in *JAACAP* in September. The revised parameter on schizophrenia just completed consensus group and will be sent to Council for review and approval soon. Parameters on autism and disaster-preparedness will finish the consensus group process soon, followed by the tic disorders and cultural competency parameters. Practice parameters on eating disorders and children in the welfare systems will be presented for member review at the Member Forum at the Annual Meeting.

Dr. Walter met with two of the chairs of the guideline writing committees of the American Psychiatric Association (APA) to discuss the APA’s new system, how it is structured and funded, and possible ways for the two organizations to collaborate. AACAP staff identified a possible grant source to fund the proposed committee and process changes and is working with the development department on the grant process.

**Systems of Care Committee**
*Chaired by Mark Chenven, M.D. and Kaye McGinty, M.D.*
Over 52 applications were received for the special program scholarships funded by CMHS. Twenty applicants were selected and at least half will be presenting posters during the special programs lunch on Monday, October 22.

**Youth Coalition:** *Chaired by Justine Larson, M.D.*
The subcommittee working with the new youth coalition held its second meeting and planned the design and content for the new youth section of AACAP’s web site. The site will link to materials we have for families, much of the content of the web site will be videos of the youth talking about different aspects of their treatment. This is funded by a grant from Gary Blau, PhD and the Center for Mental Health Services (CMHS) of the Substance Abuse and Mental Health Services Administration.
Healthcare, Access and Economics Committee (HCAE)

**Chaired by Tony Jackson, M.D. and Harsh Trivedi, M.D.**

The coding subcommittee of Drs. Ben Shain, David Berland and Sherry Barron-Seabrook has created three webinars, a summary guide, and an algorithm to help educate members on the CPT coding changes that will take effect January 2013. [http://www.aacap.org/cs/business_of_practice/reimbursement_for_practitioners](http://www.aacap.org/cs/business_of_practice/reimbursement_for_practitioners). They have also updated the CPT module and written an AACAP News article about the changes. They have 2 sessions at the annual meeting to help address members’ questions and will meet during Members To Members sessions at the AACAP booth as well.

Diversity and Culture (CDC) Committee

**Chaired by Andres Pumariega, M.D. and Cheryl Al-Mateen, M.D.**

The new curriculum on cultural competency is now available for anyone to use on the AACAP website. [http://www.aacap.org/cs/diversity_and_cultural_competency_curriculum_for_cap_training](http://www.aacap.org/cs/diversity_and_cultural_competency_curriculum_for_cap_training). Promotion for the new IMG Caucus has started along with the other caucuses.

Schools Committee

**Chaired by Sheryl Kataoka, M.D. and Shashank Joshi, M.D.**

The Bullying Resource Center is now available on the AACAP website: [http://www.aacap.org/cs/bullying.resourcecenter](http://www.aacap.org/cs/bullying.resourcecenter).

Telepsychiatry Committee

**Chaired by Kathleen Myers, M.D. and Dehra Glueck, M.D.**

The Committee has developed a survey for training directors and programs about the level of and funding of Telepsychiatry in US programs. The results will be used to help develop a curriculum.

**CASII/ECSII**

- 266 CASII manuals were sold for a total revenue of $7,505.
- A CASII Train the Trainer training took place in Columbus, OH in August.
- 29 ECSII manuals were sold for a total revenue of $895.

**JobSource**

AACAP published 25 job postings for a total income of $ 13,300.

---

**INFORMATION TECHNOLOGY (IT)**

**Staffed by Colleen Dougherty, Tracy Hipps, and Joe Winkle**

Traffic to the AACAP website during the period of July 1 – August 31 increased compared to that time period in 2011. The Annual Meeting Registration Magazine was the most requested pages during this time.

**Web Editorial Board (W.E.B.)**

The W.E.B. worked on several projects:
- Youth section. The Community Based Systems of Care Committee is developing a new section targeting the youth population that will incorporate video presentations and other information to help young people.
- Members Only section. The new Members Only and Member Resources sections are currently under review and will be available soon.

**JAACAP EDITORIAL OFFICE**

*Staffed by Mary Billingsley, Hilary Flowers, and Kristine Pumphrey*

**Online Posting of JAACAP’s Spanish Edition Volumen 6, Número 2**

The newest issue of JAACAP’s Spanish edition is available at [www.jaacap.org](http://www.jaacap.org). The print edition of the issue is distributed to 3,500 child psychiatrists, pediatricians, and family physicians within Spain. The issue features the cover artwork from the May 2012 issue of JAACAP and contains four selected review and new research articles. The online issue is freely available on [www.jaacap.org](http://www.jaacap.org) following a two month embargo period.

**Podcasts of Author Interviews**

Each month JAACAP editors or contributing editors interview the author of a selected article. The author interviews are available via podcast at [www.jaacap.org](http://www.jaacap.org). In the most recent podcast, Contributing Editor Natalie Weder, M.D., interviews Andrés Martín, M.D., M.P.H., on the two new Journal series introduced in his editorial in the October issue, “Translations and Clinical Perspectives: Toward a More Perfect Union.” While the current podcast appears on the home page of the Journal website, the podcast archive is freely available by selecting “Podcasts” in the top navigation bar. Article citation: 2012;51(10):985-986.

**Clinical Guidance**

Beginning in the August issue, select articles now feature Clinical Guidance, a brief list summarizing key clinical ‘take-home’ points from the study. Articles including this additional content are marked with an icon on the table of contents, for easy identification.
Early Access to Abstracts
The Articles in Press page at http://www.jaacap.com/inpress provides AACAP members and subscribers access to full-text articles published online ahead of print. Beginning in August, the same page now also includes abstracts of accepted articles that are not yet published. Abstracts appear on this list as early as 48 hours after articles are accepted for publication. This new online feature allows AACAP members and subscribers the earliest look at the upcoming content of the Journal.

Quick Response (QR) Codes
New in the September and October issues, JAACAP features QR codes linking to podcasts and the table of contents of the most recent issue. QR code, short for ‘Quick Response’ code, is a barcode that can be scanned by a smartphone or tablet to access online content directly from the print copy of the Journal. The QR code to the left links to the homepage at www.jaacap.org.

The Journal collaborated with the Meetings Department to include a QR code in the top left corner of the cover artwork of the October issue (below) linking directly to the new AACAP Annual Meeting Mobile Application. This provides a quick and convenient way for Annual Meeting attendees to add the Annual Meeting App to their mobile devices.

Online Journal CME
Currently, online Category I CME is available for selected articles (one article per month) for the November 2011 – October 2012 issues and is offered free of charge through Elsevier. With this offering, over 4,000 CME certificates have been issued to AACAP members free of charge since the inception of the Journal CME program. The Journal’s latest free online CME activity highlights the findings of Jacqueline A. Clauss, B.A., and Jennifer Urbano Blackford, Ph.D., as reported in “Behavioral Inhibition and Risk for Developing Social Anxiety Disorder: A Meta-Analytic Study” in the October issue. Article citation: 2012;51(10):1066-1075.

Press Releases
Online Press Releases are available for selected Journal articles. JAACAP press releases are composed by the Editorial Office and distributed through Elsevier. Members of the media can also access the press releases on the JAACAP website. JAACAP’s most recent press release highlighted the Academy’s newest Practice Parameter. The “Practice Parameter on Gay, Lesbian, or Bisexual Sexual Orientation, Gender Nonconformity, and Gender Discordance in Children and Adolescents” by Stewart L. Adelson, M.D., and the AACAP Committee on Quality Issues (CQI) was published in the September issue. Article citation: 2012;51(9):957-974.
GlaxoSmithKline/Keller et al. 2001
A recently concluded settlement between the United States government and pharmaceutical company GlaxoSmithKline (GSK) raised questions of potential scientific misconduct in an article published in *JAACAP* in 2001.¹ The *JAACAP* Action Editors reviewed available information and consulted Michael E. Reed, attorney at law, and Josh Spieler, Publishing Director at Elsevier, among others. In keeping with guidelines created by the Committee for Publication Ethics (COPE; [http://publicationethics.org/](http://publicationethics.org/)) for handling instances of potential misconduct in scholarly publishing, the authors were formally asked to respond to the issues raised by the GSK settlement. The editors are now evaluating the authors’ response and related information and working to determine the best course of action. Resolving this issue continues to be a top priority for the *Journal*.

**COUNCIL AND EXECUTIVE COMMITTEE DECISIONS**

Since the October 2011 Council meeting in Toronto, Canada, the following policy decisions have been made:

**Council**

<table>
<thead>
<tr>
<th>Date</th>
<th>Decision</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>February 27, 2012</strong></td>
<td>Agreed to move forward with the Executive Director Search Committee with the option of choosing a search firm later if needed and agreed candidates would interview with the Executive Committee and would not need to formally present at a Council meeting.</td>
</tr>
<tr>
<td><strong>April 17, 2012</strong></td>
<td>Approved the Juvenile Justice Reform Committee’s <em>Policy Statement on Solitary Confinement of Juvenile Offenders</em></td>
</tr>
<tr>
<td><strong>June 12, 2012</strong></td>
<td>Approved the <em>Policy Statement on Medical Marijuana</em> passed with 14 in favor and 0 opposed. The following Council members voted in favor: Steve Adelsheim, M.D., Wayne Batzer, M.D., Steve Cuffe, M.D., Deborah Deas, M.D., David DeMaso, M.D., Laurence L. Greenhill, M.D., Paramjit T. Joshi, M.D., Kathy Kelley, M.D., Louis J. Kraus, M.D., D. Richard Martini, M.D., Warren YK Ng, M.D., Melvin D. Oatis, M.D., Neal Ryan, M.D., and Margaret Stuber, M.D. Approved the <em>Best Principles for Integration of Child Psychiatry into the Pediatric Health Home</em> document passed with 13 in favor and 0 opposed. The following Council members votes in favor: Steve Adelsheim, M.D., Wayne Batzer, M.D., Steve Cuffe, M.D., Deborah Deas, M.D., Martin J. Drell, M.D., Paramjit T. Joshi, M.D., Kathy Kelley, M.D., Louis J. Kraus, M.D., D. Richard Martini, M.D., Warren YK Ng, M.D., Melvin D. Oatis, M.D., Neal Ryan, M.D., and Margaret Stuber, M.D.</td>
</tr>
</tbody>
</table>
June 29, 2012

Agreed that current pharma funding levels to be reasonable both as a percentage of the Annual Meeting and as a percentage of overall budget. Council will review the overall pharma levels annually and inform the Gifts and Endowments Oversight Committee if Council determines funding levels need to be adjusted.

Agreed to remove the four funds—Karl Menninger Plenary, the Lawrence A. Stone Plenary, the Douglas Hanson Annual Review Course, and the Stubblefield House of Delegates—to Board Restricted Funds from the temporarily restricted net assets schedule (as of December 31, 2011) and become board designated funds so as to ensure the fund continue to support these programs and receive allocations of investment income or loss.

Voted to approve a second five-year term for Andres Martin, M.D. as JAACAP Editor. Agreed that there should be at minimum annual meetings between the Editor, the President, and the Executive Director. These meetings will be informed by regular discussions by Council concerning JAACAP in addition to the existing regular Assembly and Council reports by the Editor.

Voted to approve Heidi B. Fordi, CAE as the new AACAP Executive Director. She assumes her new position on September 1, 2012.

Unanimously voted in the affirmative for the following three items:

- Have an all member referendum at the end of the year on the formation of a 501(c)6 to house an AACAP PAC. This referendum will include a clear description of the 501(c)6 and will inform members that they will have the option of opting out of the 501(c)6;
- Upon an affirmative membership referendum on the formation of a 501(c)6, to move all or part of the Dept. of Government Affairs to the 501(c)6;
- Upon an affirmative membership referendum on the formation of a 501(c)6, to initially fund the administration of the 501(c)6 with membership dues, while reserving the option to modify this in the future.

Executive Committee

December 10, 2011

Agreed to appoint a task force to continue dialogue with APBN regarding new maintenance of certification requirements, particularly performance in practice.

Agreed that Paramjit Joshi, M.D. would chair the Pharmaceutical Task Force with these members: Neal Ryan, M.D., Sourav Sengupta, M.D., Ruth Gerson, M.D. (Jerry M. Wiener Resident Member of Council). The Task Force will report to Council during the June 2012 meeting.

January 13, 2012

Agreed that the Executive Director Search Committee would consist of:

- 2 Past Presidents—Drs. Richard Sarles (chair) and Marilyn Benoit;
- 1 Past Assembly Chair – John Dunne;
- 1 current Resident Member of Council—Dr. Ruth Gerson; and
• 1 At-Large Member – Christopher Kratochvil.

Agreed the mid-year Lifelong Learning Institute would not be continued after 2012.

Agreed to form the College Student Mental Health Committee that will focus on mental health services provided in the college setting.

Agreed that a member of the Executive Committee would personally call all members that donate $250 or more.

Agreed that, over the next two years, AACAP would focus its effort in APA’s Council on Children, Adolescents, and Families and would “step out” of the APA Assembly then re-evaluate after two years.

Approved the continuation of the black and hispanic/latino caucuses during the Annual Meeting, plus the addition of one more caucus starting at the 2012 Annual Meeting. The choice of the new caucus is up to the Diversity and Culture Committee

March 15, 2012

Agreed that the Cancro Award can be given every other year with a $2,000 honorarium.

Agreed to continue its Sponsorship of National Children’s Mental Health Awareness Day but at the reduced level of $5,000.

May 11, 2012

Agreed that accounting of pharma income should highlight that our pharma income statement does not include revenue from the Journal.

August 14, 2012

Informed on August 4 that Wayne Batzer, M.D. resigned as a member of AACAP stating, “The Academy is clearly reliant on continued pharmaceutical industry funding and I am no longer able to accept this.”

September 24, 2012

Agreed the President-Executive Director’s (PED) Report will be created quarterly in conjunction with Council meetings: January, April, June, and October.

Agreed the Program Committee Chair would report at the Assembly and Council meetings each October.
COUNCIL MEMBERS' ACTIVITIES

Martin J. Drell, M.D. — President; Ex-Officio on all components; Financial Planning Committee member; Psychotherapy Committee member; Gift and Endowment Oversight Committee member

Paramjit Joshi, M.D.—President-Elect; Ex-Officio on all components; Task Force on Pharma; Back to Project Future Committee member

David R. DeMaso, M.D.—Secretary; Bylaws Committee member; Ex-Officio on the Bylaws Committee, Membership Committee, and Ethics Committee; Committee on Collaboration with Medical Professions member

Steven P. Cuffe, M.D.—Treasurer; Financial Planning Committee member; Ex-officio on Grants Oversight Committee; Ex-officio on Gifts and Endowment Oversight Committee

Louis J. Kraus, M.D.—Assembly Vice Chair; Juvenile Justice Reform Committee co-chair; AMA delegate

Laurence Lee Greenhill, M.D.—AACAP Immediate Past President; Nominating Committee chair, Development Committee Member

Steven Adelsheim, M.D.—Councilor-at-Large; Telepsychiatry Committee member

Mark Borer, M.D.—Assembly Representative to Council; Bylaws Committee member; Membership Drive Committee member

Deborah Deas, M.D.—Councilor-at-Large; Ad Hoc Committee on Editorship and Publications member

Ruth Gerson, M.D.—2010-2012 John E. Schowalter, M.D. Resident Member to Council; Committee on Medical Students and Residents member; Member Benefits Committee co-chair; Child Maltreatment and Violence Committee member; Executive Director Search Committee

Kathleen Kelley, M.D.—Assembly Representative to Council; Assembly Delegate Orientation Committee chair; Steering Committee on Workforce Issues member

D. Richard Martini, M.D.—Councilor-at-Large; Committee on Collaboration with Medical Professions co-chair; Back to Project Future Subcommittee chair

Melvin D. Oatis, M.D.—Councilor-at-Large

Warren Y.K. Ng, M.D.—Assembly Vice Chair; Regional Organization Infrastructure Task Force chair; Bylaws Committee co-chair; Political Action Committee (PAC) Task Force member

Neal Ryan, M.D.—Councilor-at-Large; Task Force on Pharma member; Back to Project Future Subcommittee chair; Gifts and Endowments Committee Liaison for Pharmaceutical Funding and Annual Meeting Support

Sourav Sengupta, M.D. —Jerry M. Wiener Resident Member of Council; Committee on Medical Students and Residents member; Training and Education Committee member; Family Committee member; Task Force on Pharma member

Margaret L. Stuber, M.D.—Councilor-at-Large; Physically Ill Child Committee member; Religion and Spirituality Committee member

VISION (adopted by staff October 6, 1998, updated August 2009)
Our vision is that AACAP make a resounding difference in promoting healthy development and in improving the diagnosis and treatment for all children with mental illnesses; and that all child and adolescent psychiatrists belong and contribute to AACAP, and utilize AACAP’s strength in the furtherance of its mission.

Our vision for children and adolescents is that:

• The factors that contribute to mental illnesses are eliminated in children and adolescents;
• Systems of care are delivered in a developmentally appropriate way with cultural sensitivity;
• Parents have the tools and resources to make informed decisions in their child’s best interest;
• Policies and programs nourish resiliency, diminish risk factors, and strengthen protective factors;
• Access is available to a comprehensive continuum of care based on each child’s individual needs, allowing for a full range of treatment options and services provided by child and adolescent psychiatrists;
• All forms of child abuse are eliminated.

Our vision for child and adolescent psychiatrists is that:

• They are recognized and utilized to the full extent of their expertise;
• Services are delivered according to the highest moral and ethical standards and according to professional codes and values;
• The number of child and adolescent psychiatrists is sufficient to respond to the needs of children, adolescents, and their families;
• Services are compensated appropriately;
• Robust resources exist to ensure optimal training and continuing education;
• Diversity and multiculturalism are encouraged within the field.

Our vision for the AACAP is that we:

• Provide opportunities for the profession of child and adolescent psychiatry to grow and prosper by educating, nurturing, and mentoring new generations;
• Collaborate with other medical, professional, and consumer organizations to enhance the well-being of children;
• Educate the public about child and adolescent psychiatry and the ways in which child and adolescent psychiatrists help children overcome mental illnesses, and encourage parents and caregivers to take action if they suspect their child has a mental illness;
• Promote research and the continued expansion of the scientific base of child and adolescent psychiatry;
• Foster a community for child and adolescent psychiatrists to exchange ideas and collaborate to advance the field of child and adolescent psychiatry.

Our vision is that AACAP is indispensible to child and adolescent psychiatrists as the primary resource for education, practice needs, and the latest research in the field.
