
AACAP ASSEMBLY OF REGIONAL ORGANIZATIONS OF CHILD AND ADOLESCENT PSYCHIATRY

2022 AACAP/Assembly Advocacy and Collaboration Grant Guidelines and Application

The American Academy of Child and Adolescent Psychiatry (AACAP) is offering Regional Organizations (ROs) of the AACAP Assembly the opportunity to apply for a one-year grant, up to \$4,000, which aims to support advocacy activities designed to improve children's mental health and care within a community. **Applications are due by January 21, 2022. Please note, incomplete applications will not be considered.**

Previous grants have assisted Regional Organizations in implementing projects such as:

- Collaborative initiatives with pediatricians to improve access to mental health care;
- Advocacy trainings for AACAP members, mental health advocates and families;
- Collaborative symposia to bring together AACAP members, child-serving government agencies, pediatricians, and families; and
- The creation of statewide coalitions to jointly advocate for children's mental health at the state level.

Preference in funding is given to programs creating innovative solutions that advance the mission of AACAP in collaboration with other established organizations.

Completed applications are judged on how they fulfill the goals and guidelines of the grant. **Please note that all grant awards are contingent on funding availability and approval for 2022. Grant evaluation criteria are available upon request.**

Application and Grant Timeline:

All applications are due to AACAP by **January 21, 2022**. Please note, incomplete applications will not be considered

- Please include:
 - Application form (attached);
 - Budget form (attached); and
 - Letter of support from an officer of **each** of the collaborating organizations.
- AACAP will notify applicants of their selection by early **February** and disburse two-thirds of the grant amount.
- Projects must take place between **March 1, 2022** and **November 30, 2022**.
- By **December 16, 2022**, grant recipients must submit:
 - A letter acknowledging AACAP's support of the projects;
 - Follow-up form and reconciled budget (attached); and
 - Any deliverables created because of the grant award.
- Upon receipt of the follow-up material, AACAP will disburse the remaining grant award, as long as the reconciled budget shows that the full grant amount has been spent towards the completion of the grant project/goals.

Grant Requirements:

- All grant applications must be submitted by an AACAP Regional Organization (RO) with the endorsement of the RO President if he or she is not leading the project;
- The grant requires collaborative activities between AACAP Regional Organizations and allied organizations within their communities;
 - Examples of such organizations include, but are not limited to:
 - A local chapter of the National Alliance for the Mental Illness;
 - A chapter of Mental Health America; or
 - Allied professional organizations, such as a state chapter of the American Academy of Pediatrics.
- Grant recipients must submit follow-up forms to receive the final disbursement of one-third of the awarded grant funds. Failure to provide this will prohibit your regional organization's participation in future AACAP/Assembly grants; and any developed material for the grant-funded activities must recognize AACAP's support.

Grant preference may be given to:

- Projects aiming to serve underserved or minority communities;
- First-time applicants;
- Projects involving a greater number and diversity of collaboration partners;
- Development and implementation of new or innovative ideas;
- Programs combining other funding resources (including in-kind personnel/space/resources);
- Programs using alternative sources of funding to sustain programs/outcomes and/or tools/resources after the first year; and
- Programs which involve early career psychiatrists and trainees.

Funding limitations:

- While it is possible to use these funds to address large policy or legislative issues, as well as advocacy training, grants **cannot** be used for lobbying on any specific legislation either introduced or in draft form, government official, or in support of a political candidate;
- Grant funds cannot be used for stipends for CAPs;
- Grant funds cannot be used primarily for dinner meetings;
- Grant funds should not be used primarily for food (limit 25%);
- Grant funds should not be used primarily for travel, lodging, rent, honoraria (*exemption for trainees/residents/families-consumers and budget allocations in these expenses will factor into the grant scoring);
- Should the grant amount exceed the costs of the grant-supported project, the Regional Organization will be asked to refund to AACAP the excess grant amount; and
- The Assembly Executive Committee has full discretion to provide grant awards in differing award amounts in order to fund the maximum number of grant applications.

Grant deliverables:

- Grant recipients will be invited to submit summaries and pictures of their projects for consideration for *AACAP News* articles or eNews clips. Summaries should be submitted by early October for highlighting at the fall Assembly meeting at the Annual Meeting.
- Grant recipients will be asked to serve as a resource for other ROCAPs who may have questions as they apply for grants for the first time;
- Grant recipients will be asked to share toolkit resources with other ROCAPs; and,
- Grant recipients may be asked to report progress at Assembly meetings.
