

AMERICAN ACADEMY OF CHILD & ADOLESCENT PSYCHIATRY

JEANNE SPURLOCK LECTURE AND AWARD ON DIVERSITY AND CULTURE

Jeanne Spurlock, MD, was a giant in child and adolescent psychiatry and in advocacy for children, adolescents and their families from all cultures. Dr. Spurlock co-chaired AACAP's Work Group on Diversity and Culture from 1995 through 1999. Her commitment to recruit members from diverse cultures into child and adolescent psychiatry is legendary. AACAP created this lecture and award in her honor to recognize her work and encourage others to follow her example. The Lecture/Award is funded by the Jeanne Spurlock Minority Fellowship Fund.

The Committee requests nominations of individuals who have made outstanding contributions to the advancement of the understanding of diversity and culture in the United States and the world as it pertains to children's mental health, and who will support the recruitment of child and adolescent psychiatrists from all cultures.

Nominations will come from AACAP members; however, nominees may come from a psychiatry or non-psychiatry field. Nominees should be individuals who have made contributions in the areas of social awareness including:

- Civil rights
- Spirituality and/or religion
- Social welfare
- Public information
- Scientific research
- Education and Mentoring
- The arts: literature, theatre, music, painting, sculpture or photography

The lecture should reflect the spirit of the nomination for outstanding contributions to diversity and culture and in some way encourage individuals from diverse cultural backgrounds to become child and adolescent psychiatrists. The award includes an honorarium of \$2,500. The award winner will be recognized at the Distinguished Awards Luncheon and make an honors award presentation about his or her work during AACAP's Annual Meeting in October.

Nomination submitted by (please type or print):

Name _____

E-mail address _____

Date _____
